

MAC03 - Mini Air Compressor with Work Light Twin Cylinder 12V

Sealey have increased their range of 12 volt mini air compressors. The latest addition is the twin cylinder design MAC03 which delivers 45ltr/min and features a work light. Typical inflation time from 0 - 30psi is 95 seconds and is suitable for tyres on cars, vans and 4x4's. The unit incorporates integral storage for the air output hose and conveniently features a work light for use in low light areas. The pressure gauge reads up to 6 bar/80 psi. This model is supplied with 3 metre power cord with a plug for use in the vehicle accessory socket, 650mm high pressure hose with screw-on connector and accessory kit including ball needle and adaptors for inflatables.
